

*"I've done business with Mountain Shadow Arms for over four years. The custom rifle I commissioned them to build performs better than I could have hoped for. I have had many guns serviced in their shop, some of which I carry in defense of my life. Eric's craftsmanship and knowledge is top notch, and has been proven reliable time and time again. I would highly recommend Mountain Shadow Arms to anyone who is looking for a quality gunsmith"*

*"I have been very pleased with everything that comes out of Eric's shop. I have had: scope mounting, Dura-coating, trigger adjustment, barrel threading, and a custom rifle built. I strongly recommend to all my friends if they need gun work done, to come see Eric at Mountain Shadow Arms. Thanks for all the good work."*

*"Over the years I have used all the area gunsmiths and was never really satisfied with the results. Then Mountain Shadow Arms opened about 5 years ago and I have been a steadfast customer ever since. Eric has a wealth of knowledge about all types of firearms and does great work! I learn something new about firearms every time we have a conversation. I have had several custom firearms built for competition, hunting and personal defense, all perform beyond industry standards. I would recommend anyone to Mountain Shadow Arms, the best gunsmith in the area by far!"*
